

# Persistence and academic success among first generation graduate students

## Are you...?

Are you a graduate student whose parents have not attended college or university?

**If yes, you are invited to volunteer to complete one interview (30-45 mins) in English or in French.**

## Purpose and participation

The purpose of this study is to learn about factors that promote persistence and academic success among first generation graduate students.

Your participation is voluntary and you will receive a \$25 gift certificate in appreciation of your time.

## Contact information

If you are interested in participating in this study, or would like more information, please contact:
