SCHEDULE “B” - ANCILLARY FEE PROTOCOL

The Parties to this Ancillary Fee Protocol are the University of Ottawa (the “**University**”) and the University of Ottawa Student’s Union (the “**UOSU**”)

The University and the UOSU agree to the following protocol:

1. This protocol sets out the means by which undergraduate students registered at the University (the “**Students**”) will be involved in decisions to introduce a new or modify an existing compulsory ancillary fee.
2. The expression ancillary fee means a non-tuition related fee which is levied, in addition to regular tuition fees, which a Student is required to pay in order to enroll in or successfully complete, any credit course to cover the costs of items which are not normally paid for out of the University’s operating or capital revenue, are related to student activities, services and associations or shall be as otherwise defined by the Ontario government. Ancillary fees are subject to the Ontario government’s tuition fee framework and ancillary fee guidelines, as may be amended from time to time.
3. The ancillary fees in effect during the 2023-2024 academic year (September 1, 2023 to August 30 2024) to Students at the University are as set out in Annex 1 of this protocol.
4. Ancillary fees may be automatically adjusted each year in an amount up to an amount representing the preceding calendar year’s average cost of living change for Ontario, as determined by Statistics Canada.
5. When a change to an ancillary fee (other than a change referred to in (4) above) is sought by the University, the change shall be subject to consultation with the undergraduate students registered at the University via a student referendum (at the University’s expense) and shall be subject to approval of the Board of Governors of the University or its Executive Committee or other applicable University governing body.
6. When a change to an ancillary fee, other than a change referred to in (1) above is sought by the UOSU or a student association, student club or student government recognized by the UOSU, the change shall be subject to consultation with the undergraduate students registered at the University via a student referendum held by the UOSU (at the UOSU’s expense) and shall be subject to approval of the Board of Governors of the University or its Executive Committee.
7. Exemptions from this protocol are as established by the Ontario government. As of the date of this protocol, the ancillary fees that are exempt from inclusion in this protocol as per the Ontario government tuition fee framework and ancillary fee guidelines of 2019-2020 and 2020-2021 may be summarized as follows:
 - a) existing fees established through referenda where the sponsor of the referenda was the University or a combination of the University and the UOSU (an ancillary fee resulting from referenda sponsored only by the University cannot be implemented unless provided for in this protocol);
 - b) fees established by the UOSU, including those resulting from referenda sponsored or co-sponsored by the UOSU;
 - c) fees for transcripts and for convocation ceremonies;
 - d) system-wide fees, where, through formal agreement, students all Ontario universities pay a comparable fee for a comparable service;
 - e) field trip fees, where such fees cover the reasonable, direct costs of travel and accommodation for students on compulsory field trips;

- f) fees for learning materials and clothing retained by the student or materials used in the production of items that become the property of students;
 - g) fees for digital learning materials that are the property of the student and which can include test/assessment tools;
 - h) vendor fees, where such fees are for the material or services where the University acts a broker with a vendor for the student. These fees must be used for specific materials or services and the University is expected to itemize these fees for students;
 - i) work placement fees where such fees cover the costs of placing students in jobs for work terms.
8. Unless exempted from this protocol as per (7) above or as per the Ontario government tuition fee framework and ancillary fee guidelines, no new ancillary fee shall be levied by the University unless it has first been approved by a student referendum and approved by the Board of Governors of the University or its Executive Committee. The cost of the referendum shall be borne by the party seeking to levy the new compulsory ancillary fee.
9. The terms and conditions of each referendum shall be agreed upon by the Parties at the appropriate time. A student referendum result must carry a majority of the votes cast by the Students.
10. The effective date of this protocol is May 1, 2024. This Parties agree that this protocol replaces the ancillary fee protocol signed by the Parties in April 2019. The terms of this protocol may be reviewed by the Parties upon request by one of the Parties.

The Parties have signed this protocol by their authorized representative(s) on the date indicated below.
